<sup>1</sup>Redovni profesor Univerziteta u Beogradu u penziji; Beograd, Srbija

**Sažetak.** U radu se razmatraju ostvarenja ključnih Globalnih ciljeva održivog razvoja (UN - GSDGs), pre svega u pogledu eliminisanja siromaštva, gladi i pothranjenosti u svetu, te neophodnosti da se čovečanstvu obezbedi puna i ravnopravna raspoloživost bezbedne hrane i vode. Ostvarenja GSDGs se posmatraju kao osnova globalnog unapređenja zdravlja i kvaliteta života čovečanstva, ali i brojnih budućih aktivnosti na razvoju i doslednoj primeni specifičnih menadžment standarda, kao uslov za njihovu doslednu primenu, efikasno i efektivno ostvarenje željenih rezultata, odnosno kao uslov za uspešnije poslovanje i konkurentnost.

**Ključne reči:** GSDGs, siromaštvo, glad, raspoloživost, bezbednost, hrana/voda, zdravlje

**GLOBAL SUSTAINABLE DEVELOPMENT GOALS (GSDGs):  
What has been achieved in terms of eliminating poverty and hunger,  
increasing the availability and safety of food and water?**

**Abstract.** The paper discusses the achievement of the key Global Sustainable Development Goals (UN GSDGs), primarily in terms of eliminating poverty, hunger and malnutrition in the world, as well as the necessity to provide humanity with full and equal availability of safe food and water. Achievements of the GSDGs are viewed as the basis of the global improvement of the health and quality of life of mankind, but also of numerous future activities on the development and consistent application of specific management standards, as a condition for their consistent application, efficient and effective achievement of the desired results, i.e. as a condition for more successful business and more favorable competitiveness.

**Key words:** GSDGs, poverty, hunger, availability, safety, food/water, health
